

## Certificate of Non-Use of Hazardous Substances

MaxLinear, Inc. certifies that as of the date of this Certificate of Non-Use of Hazardous Substances, the MaxLinear product listed below is certified as follows:

| Environmental Category & Description |                                                                                                                                                                                                                                   | Details for:<br>SP6201EM5-L-3-0/TR |
|--------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------|
| <b>RoHS   Exempt</b>                 | If "7a", "7(c)I", or "15a", then product contains lead but is compliant meeting the requirements of Directive (EU) 2011/65 pursuant to either exemption 7a, 7(c)I, or 15a. See Appendix A.                                        | N                                  |
| <b>RoHS</b>                          | If "Y", then product is RoHS compliant meeting the requirements of Directive (EU) 2015/863 with no exemptions taken. See Appendix B.                                                                                              | Y                                  |
| <b>Halogen Free</b>                  | If "Y", then product is halogen and lead (Pb) free. Green products meet RoHS requirements plus additional hazardous material restrictions. See Appendix C.                                                                        | Y                                  |
| <b>REACH</b>                         | If "Y", then product does not use any Substances of Very High Concern (SVHC) under REACH requirements. See Appendix D for a list of these substances.<br>If "N", please see Appendix E for SVHC that is contained in this product | Y                                  |
| <b>TSCA</b>                          | If "Y", then product is compliant and does not use any of the Toxic Substance Control Act (TSCA) restricted substances. See Appendix F for a list of these substances.                                                            | Y                                  |

## Appendix A | RoHS with Exemption

| Exemption | Description                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |
|-----------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 7a        | Lead in high melting temperature type solders                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |
| 7(c)I     | Electrical and electronic components containing lead in a glass or ceramic other than dielectric ceramic in capacitors, e.g. piezoelectric devices, or in a glass or ceramic matrix compound.                                                                                                                                                                                                                                                                                                                                           |
| 15a       | Lead in solders to complete a viable electrical connection between the semiconductor die and carrier within integrated circuit flip chip packages where at least one of the following criteria applies: <ul style="list-style-type: none"> <li>a semiconductor technology node of 90 nm or larger</li> <li>a single die of 300 mm<sup>2</sup> or larger in any semiconductor technology node;</li> <li>stacked die packages with die of 300 mm<sup>2</sup> or larger, or silicon interposers of 300 mm<sup>2</sup> or larger</li> </ul> |

## Appendix B | RoHS Directive (EU) 2015/863

| Restricted Substance                  | Allowable Limit<br>(at homogenous material level) |
|---------------------------------------|---------------------------------------------------|
| Cadmium (Cd)                          | 100 ppm (0.01 weight %)                           |
| Mercury (Hg)                          | 1000 ppm (0.10 weight %)                          |
| Lead (Pb)                             | 1000 ppm (0.10 weight %)                          |
| Hexavalent Chromium (Cr6+)            | 1000 ppm (0.10 weight %)                          |
| Polybrominated biphenyls (PBB)        | 1000 ppm (0.10 weight %)                          |
| Polybrominated diphenyl ethers (PBDE) | 1000 ppm (0.10 weight %)                          |
| Bis (2-Ethylhexyl) phthalate (DEHP)   | 1000 ppm (0.10 weight %)                          |
| Benzyl butyl phthalate (BBP)          | 1000 ppm (0.10 weight %)                          |
| Dibutyl phthalate (DBP)               | 1000 ppm (0.10 weight %)                          |
| Diisobutyl phthalate (DIBP)           | 1000 ppm (0.10 weight %)                          |

## Appendix C | Halogen Free

| Restricted Substance                            | Allowable Limit |
|-------------------------------------------------|-----------------|
| Bromine (Br)                                    | 900 ppm         |
| Chlorine (Cl)                                   | 900 ppm         |
| Antimony (Sb (Sb <sub>2</sub> O <sub>3</sub> )) | 900 ppm         |
|                                                 | 1500 ppm Total  |

## Appendix D | REACH 247 - Regulation (EC) No 1907/2006 (Threshold Limit 1000ppm (0.1% w/w))

|     | Date of Inclusion: January 21, 2025                                                                                                                               | EC Number | CAS Number   |
|-----|-------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------|--------------|
| 247 | reaction mass of: triphenylthiophosphate and tertiary butylated phenyl derivatives                                                                                | 421-820-9 | 192268-65-8  |
| 246 | Perfluamine                                                                                                                                                       | 206-420-2 | 338-83-0     |
| 245 | Octamethyltrisiloxane                                                                                                                                             | 203-497-4 | 107-51-7     |
| 244 | O,O,O-triphenyl phosphorothioate                                                                                                                                  | 209-909-9 | 597-82-0     |
| 243 | 6-[(C10-C13)-alkyl-(branched, unsaturated)-2,5-dioxopyrrolidin-1-yl]hexanoic acid                                                                                 | 701-118-1 | 2156592-54-8 |
|     | Date of Inclusion: November 7, 2024                                                                                                                               | EC Number | CAS Number   |
| 242 | Triphenyl phosphate                                                                                                                                               | 204-112-2 | 115-86-6     |
|     | Date of Inclusion: June 27, 2024                                                                                                                                  | EC Number | CAS Number   |
| 241 | Bis(a,a-dimethylbenzyl) peroxide                                                                                                                                  | 201-279-3 | 80-43-3      |
|     | Date of Inclusion: January 23, 2024                                                                                                                               | EC Number | CAS Number   |
| 240 | Oligomerisation and alkylation reaction products of 2-phenylpropene and phenol                                                                                    | 700-960-7 | -            |
| 239 | Bumetizole (UV-326)                                                                                                                                               | 223-445-4 | 3896-11-5    |
| 238 | 2-(dimethylamino)-2-[(4-methylphenyl)methyl]-1-[4-(morpholin-4-yl)phenyl]butan-1-one                                                                              | 438-340-0 | 119344-86-4  |
| 237 | 2-(2H-benzotriazol-2-yl)-4-(1,1,3,3-tetramethylbutyl)phenol                                                                                                       | 221-573-5 | 3147-75-9    |
| 236 | 2,4,6-tri-tert-butylphenol                                                                                                                                        | 211-989-5 | 732-26-3     |
|     | Date of Inclusion: June 14, 2023                                                                                                                                  | EC Number | CAS Number   |
| 235 | diphenyl(2,4,6-trimethylbenzoyl)phosphine oxide                                                                                                                   | 278-355-8 | 75980-60-8   |

**Appendix E | REACH Substance intentionally added** (See page 1, Environmental Category & Description, if applicable to this product.)

| Restricted Substance                      | Where used         | CAS Number | Threshold Limit |
|-------------------------------------------|--------------------|------------|-----------------|
| 4,4'-Isopropylidenediphenol (Bisphenol A) | Substrate laminate | 80-05-7    | >0.1% w/w       |

**Appendix F | TSCA**

| Restricted Substance                            | CAS Number | Threshold Limit |
|-------------------------------------------------|------------|-----------------|
| 2,4,6-Tris(tert-butyl)phenol (2,4,6-TTBP)       | 732-26-3   | >0.3% w/w       |
| Hexachlorobutadiene (HCBD)                      | 87-68-3    | >0% w/w         |
| Pentachlorothiophenol (PCTP)                    | 133-49-3   | >1% w/w         |
| Decabromodiphenyl ether (DecaBDE)               | 1163-19-5  | >0% w/w         |
| Phenol, isopropylated phosphate (3:1) (PIP 3:1) | 68937-41-7 | >0% w/w         |
